

Coddtenham Community Shop Survey 2026

You may be aware that, with support from The Coddtenham Centre, and the potential of substantial grant funding in this financial year, a unique potential opportunity now exists to create a purpose-built Community Shop, fit for the 21st century. As we currently have a maximum of four years on our current lease, and possibly only two, with very little visibility, if any, for a further extension for any reasonable length of time, this potential opportunity will ensure a secure, long-term future for the shop, whilst preserving its ethos and legacy.

The Coddtenham Community Shop Committee is keen to understand your views on the shop and the new opportunity and have prepared a community consultation survey for this purpose. We also want to use your opinions to support our grant applications. All your comments will remain anonymous.

We kindly ask you to either fill out hard copy forms, available in the Community Shop and The Coddtenham Centre, or complete the questionnaire online by scanning the below QR code by 25 October.
